ISMOS⁴

International Symposium on Applied
Microbiology and Molecular Biology
in Oil Systems

August
25-28, 2013
www.ismos-4.org

- Join the ISMOS4, the largest event on molecular biology in the oil and gas industry.
- ISMOS-4 will take place in Rio de Janeiro, at the Convention Center of CENPES-PETROBRAS.
- The event offers a diverse and strong technical and scientific agenda, including a technical visit.
- Visit the ISMOS website for the latest information regarding important dates for abstract submission, full list of symposia topics, newsletter, registration procedure, key note speakers and venue details.
- ISMOS-4 is kindly sponsored by:
